

## Accident Policy

### Accidental Reporting Standard

- I understand that I am to report immediately to my supervisor any accident or incident that causes injury. I understand that if I fail to file an accident report to my manager within 24 hours of the accident this is ground for immediate termination.
- I understand that if I fail to report an accident or incident, the company will seriously doubt the validity of my claim, because I will have openly denied the company the right to conduct a legitimate accident investigation.
- I realize that I am not to start any work shift without first reporting any condition (physical or otherwise) that could impair my ability to perform my normal job function.
- Safety is Domino Food and Fuel, Inc. number one priority and all safety hazards should be noted and corrected. Failure to do so is a serious employment violation.
- Acknowledging this policy means I have read, understand, and agree to its terms.
